## Preoperative Instructions

*for patients undergoing oral surgery with general IV anesthesia*

**Your surgery will need to be rescheduled  
if you fail to follow these instructions.**

- ❑ Do not eat or drink anything after midnight the day of surgery.
  - ❑ Bring a responsible adult to drive and care for you after surgery.
  - ❑ Plan for someone to be with you for at least 4-6 hours after your surgery.
  - ❑ Minors must be accompanied by a parent or legal guardian.
-
